Diversity, Equity and Inclusion Merit Badge

The DEI initiative is being “paused” for the time being.
A more formal announcement will be forthcoming.

The previous message from National was that the DEI Merit Badge guidelines/requirements were receiving additional review before being released.

We will advise as soon as updates are available.

Eagle Project Workbook

The new Eagle Project Workbook is out.

As always, Scouts must use the latest version available at the time they start their project.

The new version is available on the HOAC website and at [Scouting.org](https://www.scouting.org).

New Eagle Extensions Form and Process

The form and process for processing Eagle Extensions for COVID 19 was effective January 1.

Several requests have been received for extensions for Scouts that have birthdays in January.

The Council is in the process of finalizing the approval process on the new form.

All the new Eagle Extensions should be processed by January 10.

We encourage these Scouts to continue to work on their requirements and the approval form and letter will be available in the next few days.

See Dave Lehman with any questions.
